

# City of Greater Bendigo

## Sport, Leisure and Recreational facilities

### Who to contact!

The City of Greater Bendigo's Active and Healthy Communities Facilities Team is responsible for the day to day coordination and management of sport and leisure facilities throughout Greater Bendigo.

The team acts as the connecting link between sports clubs and service providers for City services to ensure effective, efficient and safe facilities and to ensure high service delivery and participation opportunities for the community.

To provide the most effective customer service and facility management, the team is split into location-based regions and aquatic and regional facility portfolios. Community facilities are split based on location with High Street/Midland Highway the border for facilities located in the East and West of the municipality. The only exception is the Rosalind Park/Tom Flood and QEO precinct which has been included in the east region.

The team is always available on [bookings@bendigo.vic.gov.au](mailto:bookings@bendigo.vic.gov.au) or [sportandleisure@bendigo.vic.gov.au](mailto:sportandleisure@bendigo.vic.gov.au)
